

## COX GOES FURTHER ADRIFT ON LEAGUE

Will Make Such Additions as  
Are "Reassuring and Help-  
ful," He Says

QUITTING WILSON STAND

By the Associated Press.

South Bend, Ind., Aug. 19.—National and international financial and economic readjustments, as well as the high cost of living, are bound up in the success of the League of Nations, Governor Cox declared, Democratic presidential candidate, declared here today in addressing a large public gathering.

"Our safety, our economic readjustment and our prospects all are involved in America's making the league a world force," Governor Cox asserted, "with responsibility for delay in economic progress and belated reduction of living costs. The Democratic candidate came here today from Columbus, Ohio, and will speak tonight at the Indiana Democratic editors' banquet."

"The position of the Democracy is definite and affirmative," said Governor Cox, charging "the reactionary Republican leaders" with being "evasive, ambiguous and hypocritical."

Needs Helpful Additions

"With the least possible delay after March 4, 1921, our pledge is to enter the league, making such additions as are reassuring and helpful," he continued. "This will legally end the war, it will help to re-establish credits. A call will be made upon our mineral wealth and our productive skill. We will have the ships to sail every sea; the supply of life's essentials will be equal to the demand; living costs will be reduced. What we would otherwise be spending for guns and powder and ships will be applied to our war debt, and above all, we will be happy in the consciousness that war is virtually impossible."

"The opposition offers, at the very best, a prolonged delay. What project it has as a substitute for the League of Nations no one knows, or at least no one has ever attempted to describe it, or to name it."

"The question of the League of Nations therefore, becomes increasingly the issue in this campaign for the very reason that it involves our safety, our economic readjustment, and our prosperity. The air is clearing; the smoke-screen of hypocrisy thrown out by the senatorial oligarchy has been pierced, and every day between now and November will witness the gradual retreat of the forces of reaction. The tide of moral thought is flowing against them. There isn't enough money in the world to stop it, and the result, which I confidently predict, will not only be a great help to the impaired agencies of mankind, but it will carry a lesson that political leaders, present and future, will have little trouble in understanding."

Reiterating his charge of "reaction" against the Republican leaders, Governor Cox added:

G. O. P. Moves Backward

"If they should follow their own steps backward, and they are so used to moving in that direction that they would not need a compass, they would find that every condition against which they inveigh is of their own creation. They discuss the high cost of living

without apparently realizing that in a large measure they are responsible for the belated settling down of conditions which have continued the high living cost. The demand for foodstuffs has exceeded the supply. Europe has been compelled to buy because she is not producing, and production in America has not moved back into its stride because things economically, are dis-jointed, not only here but everywhere.

"If the League of Nations had been ratified months ago, exchange would have been stabilized. Europe could have started its work of rehabilitation; its countries would not have made a drain upon our food supplies. In fact, Europe would be buying the things which we can spare. The result of this would be self-evident. War taxes which should have been modified or repealed when the war was over were not touched, and the Republican oligarchy in the Senate is directly responsible."

Assails Penrose  
Senator Penrose, of Pennsylvania, Governor Cox declared, was instrumental in preventing reduction of war taxes "on the theory that the people would blame the executive rather than the congressional administration for failure to abolish burdensome taxation."

Much of the national debt of all countries, Governor Cox said, was caused by the race in armament, adding:

"If the world does not proceed to arm itself to the teeth, if the cost of armament is diverted to the payment of interest and sinking fund on the bonded debt, when there is more than a hope that civilization can work its way out to a sound footing, financially and economically, if this is not done, then no one knows what will happen."

"In the face of these things it is hard to believe that the senatorial oligarchy continues its opposition to the league for conscientious reasons."

## 17 AMERICANS FACE FAMINE IN ADANA

Turkish Nationalists, Bent on  
Starving French Garrison,  
Surround City

2 PHILADELPHIANS THERE

By the Associated Press.

Constantinople, Aug. 19.—Showered nightly with Turkish bullets and facing famine, seventeen members of the American commission for relief in the Near East have been besieged in Adana, Asia Minor, since June 20. Twice the French troops holding Adana have fought their way to Mersina, the nearest port, and have returned with heavy losses.

Among the Americans are Mr. and Mrs. William Rambo, of Philadelphia, and Dr. and Mrs. William Dodd, of Montclair, N. J.

A cable dispatch from Larkana, Cyprus, received in New York August 4, told of the relief of the American workers in Adana on July 29 by a French force. Apparently these troops have been unable to extricate themselves from the city, which is now in a state of siege.

A flour cargo of the American relief commission for beleaguered Adana is waiting at Mersina. The railway has been demolished, and supplies can reach Adana only by motor trucks, heavily convoyed, with great loss of life through the sixty-mile stretch controlled by the followers of Mustafa Kemal Pasha, the Turkish Nationalist leader, who are determined to starve out the French in Adana.

The siege of the city was described to the correspondent by Webster Anderson, of Crawfordville, Ind., who has arrived in Constantinople after escaping from Adana on August 7 and walking southeast to the Mediterranean. The Turks encircling Adana have little artillery, he says, and consequently make raids chiefly at night when the entire town is raked. Thus far the Americans have not been injured, but their buildings have been peppered and they have not been able to leave the compounds at night.

The French artillery in Adana kills many Turks and affords cover for the troops which make frequent sallies into the surrounding farms and vineyards for food. The Americans are maintaining soup kitchens and workshops for 10,000 Armenian refugees. All but 300 of the orphans of Adana have been sent to Cyprus.

The Americans are Dorcas Nevins, of the Colony Club of New York, daughter of the composer, Ethelbert Nevins; Mrs. Emily R. Block, of New York; Miss Adelaide Crane, of Quincy, Ill.; Miss Ruth W. Henry, of Amherst, Mass.; Miss Nan Lowe, of Avila, Pa.; Dr. and Mrs. William Dodd, of Montclair, N. J.; Philip Leon Flora, of Springfield, Mass.; Wilson Fowle, of Woburn, Mass.; George W. Patterson, of Randolph, Vt.; William Rambo and wife, of Philadelphia; Earl H. Seeley, of San Angelo, Tex.; the Misses Mary and Elizabeth Webb, of Boston, Mass., and the Misses Clara Bissell and Margaret A. Owens. The two latter are members of the Young Women's Christian Association.

The siege of the city was described to the correspondent by Webster Anderson, of Crawfordville, Ind., who has arrived in Constantinople after escaping from Adana on August 7 and walking southeast to the Mediterranean. The Turks encircling Adana have little artillery, he says, and consequently make raids chiefly at night when the entire town is raked. Thus far the Americans have not been injured, but their buildings have been peppered and they have not been able to leave the compounds at night.

The French artillery in Adana kills many Turks and affords cover for the troops which make frequent sallies into the surrounding farms and vineyards for food. The Americans are maintaining soup kitchens and workshops for 10,000 Armenian refugees. All but 300 of the orphans of Adana have been sent to Cyprus.
